Business Solutions Group

FCC Commissioner

Dear Sir or Madam:

I would like to comment on the proposal to change the rules on FM and LPFM stations and repeaters. My family and I are monthly financial supporters of KLOVE, radio which broadcasts nationally and locally on a repeater at 106.7 FM. I am concerned that the proposed changes to the regulations may indeed interrupt or end our access to KLOVE. KLOVE's family based programming enable my family to enjoy programming that never offends or titillates, as the parents of teens we make every effort to build encourage positive values in our teens. I believe that KLOVE broadcasts in the public interest through its family friendly, non-elevator- music Christian music programming. In the Greensboro metro area we have dozens of FM stations that program everything from Jazz to Rap and everything that is except contemporary Christian music on for-profit radio. The reasons for this are purely economical I'm sure, but it is rather amazing the support that KLOVE's non-profit format has accepted. I am concerned that these proposed changes may eliminate KLOVE, which an alternative which ultimately limits our own freedom of choice.

Thank you for listening to my concerns.

Sincerely,

Dan Smith
